Kandaswami Kandar's College, Velur-Namakkal
Report on Awareness programme for Girl Student 14.12.2021

The Health, hygiene and safety of women have become major issues in the present-day world. To enlighten our students on these issues an awareness program was conducted by the women development cell on 14/12/2021.

The program began with a formal welcome note by the convenor of women development cell Dr.S.Parvathi. The presidential address was delivered by our college principal Dr.N.Thangaraj, insisting that girls should be aware of the women safety measure to protect themselves during the emergency situation.

Dr.S.Parvathi convenor of the Women Development cell highlighted the positive and negative edges of smartphones, the internet, and social media. She also gave some safety tips for the girls' students to protect themselves from cyber crimes and also she briefed the apps which were available for the safety of women like Kavalan, Raksha, MSMR, women safety, Suraksh,a and so on.

Dr.P.Tamilselvi, the member of women development cell, insisted on the need to follow a decent dressing pattern for our girl students. She highlighted the consequences of improper dressing by quoting events that happened in and around and also she explained the ways to promote decency in dressing.

Mrs.B.Kavitha, member of women development cell insisted our students on the need to take proper care of their health by maintaining a proper diet and avoid eating junk foods. She highlighted the need to maintain proper hygiene especially during mensuration period and proper usage of rest rooms in the college campus. She also spark out on the way in which immunity can be increased with proper food .

The program came to an end with a national anthem followed by a vote of thanks delivered by Dr.P.Tamilselvi. 460 girl students belong to various diccipline attended this programme
